RESIGNATION

A newsletter such as SCCARAGRAM is supposed to keep its readers informed about current and future happenings in the organization. This is achieved by continuing timely articles submitted by the officers and committee persons in the club, the whole being tied together and polished up by the Editor, who puts together the finished package.

Announcements were made on Net that August issue deadline was Friday, July 29th to allow for the early monthly meeting on August 8th. Those submittals received are printed on the next page. That this editor has failed is most obvious by this issue, whose only excuse for printing is distribution of the Roster.

I therefore submit my resignation as Editor, immediately, to give someone else the opportunity to effectively take over.

Ed Rawlinson, WD6CHD.

The Dirty Deed is Done

Delivered our new club radio, automatic tuner, power supply and remote antenna selector to the Emergency Operation center located at the San Jose Red Cross. Bob K6DHO accepted the equipment and helped place it.

I was pleased to see a good representation from SCCARA. Those present were Allen N6NOY, Larry KB6HRN, Stan WA6UJY, Kathy KB6ICQ, Tom KB6LUC, Lou WA6QYS and yours truly. Larry once again is in the news. Just picture 10 people in the EOS (all talking at once) plus Larry trying to make some rare DX on San Andreas Island. Larry was using Als extra class call and every 30 seconds or so, we would hear NOY NOY. The room shook, people jumped, lights flickered and then silence. Well that's the way it was..... 73 Mike KB6LCJ

HF Station On The Air

As mentioned on our net, the HF station was available for use on Friday 07/22 from 1900-2200. Stan WA6UJY, JD K6YKG, BOB KB6OHQ and yours truly were present. We made many good contacts.

If you are interested in operating or learning how to operate then here is your chance. Here is the sked for the next few weeks:

07/29 Stan WA6UJY

08/05 To be determined

08/12 Tom KB6LUC

If there is interest, we can continue.

The Tower at the Flea

I have a couple heart souls lined up to take our SCCARA portable tower to the Foothill flea market on 08/13. We can run HF, sign up new members, talk up Pacificon and just have fun. Any interested persons call Mike KB6LCJ or Tom KB6LUC

BILL OLIVER - WB6ORU

Bill, now advanced class, has been a ham for 20 years and a member of SCCARA for two years. His HF rig is a Kenwood TS830S, which he switches into either a HY-GAIN vertical 80-10 meter antenna or a Butternut HF-4B beam. Bill likes to rag chew with phone on his favorite 10 & 20 meter bands. Most of his QSOs are domestic because, he says, the majority of DX contacts are too brief, with people only interested in signal reports. Currently Bill has fun practicing code by listening to a CW signal while running it into a TNC. Then he tries to "hear" the words before they are displayed on his computer screen. For VHF, his base station is a Kenwood TR-2000A HT sitting in a charger, and feeding a ground-plane antenna on the roof. Bill's pet peeve is hearing foul-mouthed hams on the air. Although he is a retired truck and equipment mechanic for the City of San Jose, Bill now continues to work a few hours a week conducting classes in lapidary for the City Parks & Recreation Dept. as well as private lessons at home.

"Q S O"

At our July meeting Jim O'Keefe, WE6V reported on a QSO he recently had with a Russian Ham, showing us the cards and letter he received. They are reproduced here as a matter of real interest . . . and "glasnost" perhaps in getting to know "Ivan". It is interesting to note that most of his equipment is home made. If his English is stilted, think how you would sound if you tried Russian!

TO: WE6V
FROM: UA9YAB

Dear James!

I've got your QSL, but couldn't answer at once. I was glad to have QSO.

I'm 26. I'm married for 3 months. I am going for radio for 10 years. My categorie is NS (Extra?)

Equipment is selfmade. PA - 200 watt ANT 2 el QQ for 20,15,10. 2 el Yagi-40M, slopers for 80,160M.

I participated in all the expeditions in SBC N100, namely UA9ZAA, UZ9ZWA. UK9YWB/U9Z, U9Z, UZ9YWA/U9Z and also my ex call is UA9ZAA.

I am the chairman of Biysk Radio Club and all the QSL post for SBC N100 comes through us.

I can help you in receiving all necessary QSL from Obl 100.

What about a cooperation aimed at information exchange?

I can send you magazines "RADIO", etc. I'd like to have something equal from you.

I'm dealing with AWARD'S, but it's great difficulty with informations. Can you send me HandBook for USA AWARD/WORLD AWARD? How much does it cost? How can I pay to you? I'd like to have a RADIO WORLD MAP. What can I do for you? I'll be glad to help you.

73's GL. Sincerely (signature)

The Santa Clara County Amateur Radio Association

DURING THE WINTER of 1921, a group of amateur radio operators residing in San Jose met and formed an organization known as the San Jose Radio Club. The purpose of the organization was to promote the interests of amateur radio in San Jose. During the years that immediately followed, the club enjoyed an ever increasing membership, and it was not long before it became desirable to accept amateurs from the immediate vicinity of San Jose as members. In 1925 the name was accordingly changed to the present one, The Santa Clara County Amateur Radio Association. Under the new impetus the membership increased to about 150 members and in 1926 the 7th Annual Pacific Division Convention of the American Radio Relay League was given under the auspices of the Association. The year 1926 was an important one in the history of the Association for other reasons than its venture into a convention. During the early part of the year the plan of operating an amateur station from the summit of Mount Hamilton, 4209 feet above the sea level, was carried to a successful conclusion when all continents but Africa and Europe were worked. A more important work was done, however, when messages from the Lick Observatory astronomers were transmitted and answers were received from the Lick Observatory station near Santiago, Chile.

For twelve years without interruption the club has met and worked with one idea above all others—to champion the cause of amateur radio and to fight for the rights of that group of men who as amateur radio operators serve the "public interest, convenience and necessity" better than any other group or organization existing in the world today. The work has not been easy and the membership has been from time to time labelled as "back seat drivers" and radicals. Nevertheless, the work has gone on and though the gains have been small, efforts will not cease until the goal has been reached.

In two cases men have been selected from the club's membership to become Directors of the Pacific Division. The first WAC certificate was granted to a member of the organization and, indeed, the WAC club itself was conceived at one of the meetings. As time has gone on, members have gone to the far corners of the earth, China, The Philippines, India, Australia, Central Africa and Europe. These men are still active in carrying on for amateur radio and the club is proud to have started them on their way.

Long has the organization labored to make the amateur understand that it is a right and not a privilege that he has in carrying on communication. The amateur must protect himself, for there is no one that will do this task—and it is a task—for him. The "Open Forum" at this convention has been provided for the serious minded men who are willing to put their shoulders to the wheel. This is not the place to let your emotions carry you off. Only by hard headed, logical reasoning can we plan the means to gain back that which we have lost, and protect as inviolate that which we have.

The SCCARA is happy to have you as its guests and hopes that you will spend a profitable three days for amateur radio.
